

AUTOMOTIVE

WHY MONROE?

Since 1957, Monroe has provided specialty hardware and hinges to the automotive industry. Global manufacturing capabilities allow Monroe to partner with its customers to develop the best solutions to effectively manage cost, inventory, quality and cash flow.

Dedication to service differentiates Monroe from its competitors. Our customers have come to rely on a quick RFQ turnaround, cost-effective prototyping, engineering and DFM guidance. Monroe's dedicated team of professionals performs to dynamic **AS9100D** and **ISO 9001:2015** quality system standards. This commitment to continuous improvement translates into superior performance and customer value.

The Monroe team is ready to earn your trust!

—Garrett Morelock
CEO
